### SUMMARY

UI/Front-End Developer with 12+ years of experience and a strong foundation in visual design. Specialized in Angular, React, SCSS, and accessibility (508 compliance), with a proven ability to translate complex Figma designs into pixel-perfect, reusable components. Passionate about clean, maintainable code, user-first design, and building fast, inclusive, and accessible digital experiences.

### PROFESSIONAL EXPERIENCE

#### SENIOR UI DEVELOPER – SOFTRAMS/TRIA FEDERAL

*August 2019 – Present*

- Developed accessible, responsive UIs for the MEARIS (CMS) platform using Angular, TypeScript, SCSS, Bootstrap 5, and Angular Material, setting a high standard for quality and 508 compliance.
- Designed and implemented modular, high-quality client-side code using Angular and TypeScript, developing cohesive modules, directives, pipes, and utilities to enhance component functionality and improve user experience.
- Collaborated with UX designers to craft polished Figma designs, then translated them into reusable, scalable Angular components, contributing to the foundation of a consistent UI design system.
- Proactively resolved mobile UI bugs outside of sprint scope, independently tracking and managing issues by creating JIRA backlog tickets for future sprint efforts.
- Frequently consulted as the team's UI/CSS subject matter expert and mentored developers on styling, accessibility and overall semantic structural build quality.
- Presented regularly in bi-weekly internal developer talks to share best practices, knowledge share, pair program, debug, and foster cross-team collaboration.

#### FRONT END DEVELOPER – KASEYA

*June 2016 – August 2019*

- Developed and maintained responsive features across multiple branded sites using HTML5, CSS3, JavaScript, PHP, and Bootstrap 4.
- Designed and integrated visual assets using Photoshop and Illustrator into WordPress, Drupal, and Jekyll CMS environments.
- Built Design Systems and scalable layouts with SASS, Flexbox, and ACF-based custom plugins; optimized workflows using Gulp, npm, and Git.
- Crafted SEO strategies, implemented Google Tag Manager, and utilized MySQL-based solutions to track site performance and support dynamic content on multiple domains.
- Collaborated with international and domestic teams on design, marketing, and backend implementations to deliver cohesive, data-informed digital experiences.

#### FRONT-END DEVELOPER & DESIGNER – WORLDATWORK

*September 2013 – June 2016*

- Designed, developed, and maintained the Front-end of a large-scale web presence with over 40,000+ pages, supporting both content and features.
- Developed complete microsites for high-impact events and conferences—key revenue drivers—using HTML5, CSS3, JavaScript, and jQuery.
- Crafted web visuals and prototypes with Adobe Creative Suite (Dreamweaver, Photoshop, Illustrator) to support design and development efforts.
- Implemented responsive design across platforms and introduced SASS for efficient, maintainable CSS.
- Created and optimized SVGs and web assets to deliver faster, more responsive user experiences.
- Collaborated in Agile-like workflows using JIRA and Confluence while independently managing projects within a marketing team.

**WEB DEVELOPER/DESIGNER – ANDERSON ADVERTISING – April 2013 – September 2013**

**WEB DESIGNER/SEO SPECIALIST – ANGEL MEDFLIGHT – October 2012 – April 2013**

### TECHNICAL PROFICIENCY

#### DESIGN

Photoshop, Illustrator, Figma

*\*all areas of Graphic Design and digital asset creation.*

#### FRONT END/UI DEVELOPMENT

HTML, CSS, SCSS, Javascript, TypeScript, Angular 2+, Angular Material UI, React, Bootstrap, Node.js, VS Code, Unit Tests, AWS, Semantic coding, Accessibility 508 Compliance, DynamoDB, CI/CD Jenkins, npm, Copilot, LLM, GitHub, Webpack, JIRA, Agile Methodologies, SAFe practices, Terminal, Confluence, DevTools, Debugging Methods, Git commands, SVN, Wordpress, PHP, SVG graphics, Responsive design, Inspect debugging methods

#### OTHER RELATED SKILLS

SEO, Google Analytics, Google Tag Manager, CMS, A/B testing, email coding, Hosting setup, UI/UX design, Slack, Peer Mentoring, CSS animations

#### DEVELOPMENT CERTIFICATES

- SAFe for Teams 2022
- Udemy Angular Certificate 2023
- Udemy Web Design Accessibility Certificate 2025

#### EDUCATION, TRAINING, ONGOING SKILL DEVELOPMENT

- Metro Tech – Certificate completion in Advertising Design (2 year program)
- Collins College – Associate of Arts Degree in Visual Communications
- Collins College – Dynamic Web Design Certificate
- Earned 50+ LinkedIn Learning certificates in diverse development topics, enhancing expertise in software engineering and related technologies.

- Personal GitHub account with active repos: <https://github.com/dmanzer2>
- Ongoing open source project I created with React: <https://ezspacecss.com>
- NPM install for ezspace project: <https://www.npmjs.com/package/ez-space-css-repo>
- Design and development portfolio can be viewed at: <https://behance.net/dmanzer2>

#### NOTABLE ACHIEVEMENTS

- Designs and illustrations displayed at Collins College while attending.
- Winner, Tucson Electric Power Company, Editorial Cartoon Award, with over 3,200 entries.
- Gold Award (2015), Integrated Mixed-Media Campaign.
